

December 09, 2025: Letter to Texas Space Commission 3

Look, you are facilitating the felonious criminal, Donald Trump, to use technological tools around Texas cities that are intentionally causing us harm inside of our home, late at night, early in the morning, and that are 'watching' us at all times.

Your team must be made aware of what it is that Donald Trump and his team are doing with this technology - and it's not just Donald Trump. You are enabling an entire criminal operation to play 'god' over the lives of Texas citizens.

When it comes to life, just because you can do something doesn't mean that you should do something. And the same rule applies to your technology. You should not have let this demon out of his chains. You have opened a Pandora's box of evil from Washington D.C. into our bedrooms.

YOU ALL DID THIS - NOT ME. YOU ARE ALL FACILITATING AND CONTINUING TO WORK WITH THEIR TEAM DESPITE CLEAR AND CONVINCING TESTIMONY OF THEIR CRIMES AGAINST HUMANITY.

YOU ARE ENABLING CRIMINALS TO HARM TEXANS.
